DAM SAFETY TRAINING

HAWAII- Oct 25-27, 2006
Dept of AG, Waimea Irrigation
Conference Room
66-1220 Lalamilo Rd, #B
Kamuela, HI 96743

OAHU - Oct 30-Nov 1, 2006
Ala Moana Hotel -Ilima Room
410 Atkinson Drive
Honolulu, HI 96814

MAUI - Nov 29-Dec 1, 2006
Maui Arts & Cultural Center
Alexa Higashi Meeting Room
One Cameron Way
Kahului, HI 96732

KAUAI - Dec 4-6, 2006
Kauai Civil Defense-Emergency
Operations Center
3990 Kaana Street, Suite 100
Lihue, HI 96766

Time: 8:00 am—4:00 pm

Cost: $20.00/person
Waived for Owners, Operators and Governments Officials

Dams and Reservoirs harness one of our most precious resources, water. Most of Hawaii's local reservoirs have their histories dating back to the early plantation days, where vast irrigation systems were constructed without the aid of modern construction equipment. The current challenge for many owners and operators of these systems is to determine how to best maintain their priceless infrastructure in the most economical way.

These dam safety training seminars will provide specific information and guidance on periodic inspection and evaluation of dams, and emergency planning. Dams must be operated and maintained in a safe manner to ensure its continued service and integrity as well as reducing the risk to public safety and the environment. Chris Veesaert manager of the Inspections and Emergency Group at the US Bureau of Reclamation will head the training seminars with Patrick Wanker and Jeffrey Daniels leading the Emergency Action Plan sessions.

Sample of Workshop Topics:

* Learn about the various ways embankment dams typically fail.
* Recognize the symptoms and initial signs of a possible dam failure.
* Learn how to conduct dam safety inspections.
* Identify safe and unsafe practices on dams.
* Guidelines for emergency planning and Implementing Emergency Action Plans (EAPs).
* Educate attendees about the Dam Safety Program both Nationally and in Hawaii.

Who should attend:

* Dam Owners, lessees and facility managers, Operators and Maintenance Personnel.
* Design engineers, planners and consultants.
* Others involved in the design, construction, regulation and emergency response planning of dams and reservoirs.

TO REGISTER:
Mail your completed registration form and fee of $20.00 (Payable to: State of Hawaii) to:

DLNR-
Engineering Division
Attention:
Denise Manuel
PO Box 373
Honolulu, HI 96809

Deadline for registration is one week prior to each training session.

Priority will be given to Owners & Operators.

If you have any questions, please feel free to call Denise Manuel at 587-0246.
